TEAM GREEN SCREEN SESSIONS

I charge a per person sitting fee as indicated in the table on the left. The minimum total charge is \$125. As you can see, the more individuals in the shoot, the lower the price per person. For many teams I shoot, participants include all levels (Fr, JV, V) and the parents usually pay the sitting fee. **I require the sitting fee(s) to be pre-paid at least one day prior to the shoot. This allows me to price the shoot correctly and ensure the participants show up for the shoot. I can send an e-invoice to pay from or you can mail me the payment.**

I will come to your location and set-up the green screen shoot. I shoot several images of each participant in different poses and lighting set-ups. After the shoot, I will create 2-3 group composite images and let you choose one image for a single banner that I provide for free as noted in the table. The group can be everyone at the shoot, just the seniors, or however you want it to be. I will then create 4 different individual unique composites of each person in the shoot. Parents can purchase **Individual composite prints or digital files** on my

website at a discount of 25% off of my normal prices. Additional banners can also be ordered at a discount (for example single banners of each Senior). The images below are examples of group and individual composites created after a recent shoot.

The banners are 15 oz vinyl with grommets every 2-3 feet. The edges have a welded hem, providing a strong, smooth, finished edge. I can provide low resolution images for use on social media or for preparing game programs etc.; however, these files can only be used for those purposes and cannot be shared. **Digital files are copyrighted images and when provided to a school, group, team, etc., you will be required to sign a release acknowledging use of the files only for the agreed upon purpose(s) and not for sharing with parents, students, etc.**

Please contact me with any questions you may have. I appreciate your support and look forward to providing you with some high quality photography now and in the future. As a bonus for allowing me to do a green screen session with your team, I will try (depending on where you are located) to shoot images at one or more live games during the season as well.
